

## "Twist and Shout" Bracelet

As seen in the Rings & Things 2006 Super Supplement

Created by: Mary Morton

### Suggested Materials:

<u>Qty.</u>	<u>Stock</u>	<u>Name</u>
2 strands	#21-513-300	Magnetic hematite barrel beads
216 beads	#43-133-AS	Tiny cast bead caps
32"	#61-439-01-25	Gossamer Floss™ cord, opaque

### Tools:

Adhesive, such as product #60-242 Bead Fix™

Scissors, such as product #69-043

One big-eye beading needle, such as product #65-050

### To make this design:

1. Cut four strands of Gossamer Floss, approximately 8 inches long.
2. String one hematite bead, and two bead caps onto one strand of floss. Make sure to string the bead caps so they rest cone-end to cone-end. When strung in this position, these two bead caps will look much like a wire coil bead.

3. Alternating between a hematite bead and two bead caps, continue stringing until you have a total of 26 hematite beads and 54 bead caps.
4. Add or remove beads until your desired length is achieved. Remember, gossamer floss stretches!
5. Tie a double knot in the string right next to your first hematite bead. Cut off excess string, add a small drop of glue to the knot and tuck it under a bead cap.
6. Repeat steps 1 through 6, on your remaining strands of Gossamer Floss.
