<u>Name</u>
6mm Swarovski® Crystal Jams™, “Watermelon Crawl”
6mm round Galaxy-Cut™ glass beads, ruby/rainbow
Curved-tube chain bracelet, sterling silver
1.5" extra-thin eye pins, sterling silver
2" ball-end head pins, sterling

## Tools needed:

Round-nose pliers, side cutters and/or side-flush cutters

## To make this design:

1. Select 18 crystal bicones from the Crystal Jams assortment. Pick six from each color family (6 green, 6 pink and 6 red).
2. Use the ball-end head pins to make wrapped loops on each crystal.

3. Attach the pre-looped end of a sterling silver eye pin to one of the loops on the bangle bracelet.
4. Add a round Galaxy-Cut bead to the eye pin.
5. Start a loop at the unfinished end of the eye pin, and add 3 of your wire-wrapped crystal dangles.
6. Complete the loop, and wrap the wire around at least once for security.
7. Repeat steps 3-6 on the remaining bangle bracelet loops.
